MEXICAN OUTRAGE ROUSES CONGRESS; INTERVENTION PLAN IS ADVOCATED

SENATOR SHERMAN DEMANDS CITIZENS BE ASSURED SAFETY

Introduces Resolution Proposing U. S. and Other American States Intervene Unless Carranza Protect Foreigners

LANSING BY TELEGRAPH SAYS BANDITS MUST BE PUNISHED FOR MURDERS

Secretary of State Says Every Action Will Be Taken to Punish Criminals; Bodies of Men Slain Coming to Juarez on Special Train

[Associated Press by Federal Wireless]

WASHINGTON, D. C., Jan. 12.—Stirred by the news yesterday that soldiers of Gen. Villa had taken from a train 17 American mining men, then stripped them and shot them to death, members of Congress are demanding prompt action by the United States to protect the lives and property of United States citizens in Mexico.

Senator Lawrence Y. Sherman of Illinois today introduced in the upper house a resolution proposing forcible intervention if necessary in Mexico by the United States in conjunction with the six pan-American countries which joined in recognizing Carranza as president. This intervention, under the plan proposed by Senator Sherman, is to be made unless Carranza complies at once with the demand to protect the lives and property of foreigners residing peacefully in Mexican territory.

The resolution was referred to the committee on foreign relations.

Secretary of State Lansing today telegraphed to President Carranza demanding prompt punishment for the bandits who held up the train south of Chihuahua and executed seventeen Americans. The bodies of the victims, who were mining men on their way to their place of employment, are being brought to Juarez on a special train, which has been delayed, adding to the indignation of the people.

Dr. Arredondo, the Mexican ambassador at Washington appointed by Carranza, today confirmed the news of the executions, having received advices from his government.

Secretary Lansing issued a statement today in which he said that every precaution has been taken to warn Americans in the Chihuahua region and others where guerilla warfare is in progress. He also declares that every step will be taken to punish the perpetrators of the crime. What action will be taken depends upon developments.

VAUGHAN GIVEN REAL SURPRISE BY HIS DAUGHTER

Learns of Her Recent Marriage When He Meets Her on the Great Northern at Hilo

When the steamer Great Northern docked at Hilo yesterday, Horace W. Vaughan, district attorney for Hawaii, not only greeted his daughter, his wife and her mother, but received a surprise which, for a moment, took his breath away, as some of the passengers put it.

Mr. Vaughan's daughter, who is a strikingly pretty girl of 18 years, sprung the surprise. Soon after the district attorney had boarded the vessel and the customary greetings had been exchanged, his daughter drew him aside and whispered something into his ear. She explained how, just before she and her mother and grandmother had left their home in Texas, for the coast, she had been married to Dr. J. S. Moulton, a very prominent young physician.

Pressing business prevented Mr. Vaughan's new son-in-law from coming to Hawaii with the rest of the family, but he may make the trip later. For the next month or more, Attorney Vaughan and his family will occupy Judge R. P. Quarles' home in Keamoku. Mrs. M. G. Morris of Texas accompanied Mrs. Moulton to Honolulu.

NEW YORK STOCK MARKET TODAY

Following are the closing prices of stocks on the New York market today, sent by the Associated Press over the Federal Wireless:

SPokane METHOD OF GOING AFTER TOURISTS TOLD

Waldo G. Paine Outlines Methods to Ad Club Men; F. G. Bonfils of Denver Speaker

Last year Spokane, which has for years been advertising on a large scale through the Chamber of Commerce publicity committee, put on extra steam and spent tens of thousands of dollars on a campaign to get Easterners bound for San Francisco to take the northwestern route to the coast, "through the cool summer playground of North America," as one of their catch-phrases had it.

Today members of the Honolulu Ad Club heard from Waldo G. Paine, chairman of Spokane's publicity committee, and traffic manager of the Spokane & Inland Railway, of the broad gauge railroad, in which the northwestern city went after the tourist business.

"Years ago they did not advertise their towns and cities in a conscious way," said Mr. Paine, who arrived this morning on the Great Northern. "They used to hold the time-honored belief that cities, like Tokyo, 'just grew,' and that was all there was to it."

One Stagnates—One Grows.

"Now we know that two given towns, or sections of territory with equal advantages as to location, climate, natural resources and each with equal opportunities in every fundamental particular, may reach the parting of the ways, one to stagnate and remain forever a village, or a section with a dwindling population, the other to march forward to greatness."

"I need not tell you the reason. You all know what can bring such things about. It's men. There is the civic equation, if you will pardon my coining the expression, just as there is the personal equation."

"The failure to advertise cities is now just as much a thing of the past as is the stone age—only it isn't so far in the past. Each one now advertises and does it consciously. What are you men here today for? I shall answer by saying that you are here to join with this Ad Club to work for a better and greater Honolulu. That's advertising the islands and it's doing it in the right way."

"I'll wager there is not a man here who doesn't agree with me."

WATER USERS MUST HAVE PAYMENTS MADE BEFORE END OF WEEK

Only three more days of grace are left for the water consumer who has not yet paid his rates. Manager Harry E. Murray of the water department said today that water users have until next Saturday to get their rates into the office.

Yesterday was a big day in collections, \$7973.40 being turned in at the collection window, and up to noon today more than \$30,000 had been received since the first of the year.

Murray explains the big collection yesterday through the fact that several large trust companies collected from their tenants and turned in the money to the department. Another explanation is that the good weather yesterday brought people out of doors after they had been shut up by the rain. Murray says that the general fact that the days of grace are lessening, tends, as is always the case, to make the collections increase toward the last.

Furnished or unfurnished, a large two-story house. Apply 408 Beretania st., or phone 3230.

WILDER LODGES FORMAL PROTEST UPON GOVERNOR

On Request He Files in Writing With President and Lane Objections to Pinkham

MADE HIS STAND PLAIN ON VISIT TO WASHINGTON

Returns From Capital With the News Hawaiian Affairs Are Closely Followed There

Former Judge Arthur A. Wilder has filed in writing with President Wilson and Secretary of the Interior Lane his views on the present territorial administration, and these views include emphatic criticism of some of Governor Pinkham's policies, particularly in the matter of appointments.

Judge Wilder returned from Washington on the liner Great Northern today. Upon his return he gave out a copy of an open letter he has written to Governor Pinkham, brought forth by the governor's quoted statement a few weeks ago that Wilder's reference to the governor's health and intentions was a figment of the imagination and given publicity for ulterior purposes.

In this open letter he declares that Congressman William Kent of California is seeking a man to replace the governor, and has in mind either Albert J. Judd or Superintendent of Public Works Charles R. Forbes. He also declares that the president did not want the governor to go to Washington this winter to urge legislation, and also asserts that the governor is grooming Forbes to succeed him.

See President and Mr. Lane.

While in Washington Wilder had talks both with the president and Secretary Lane, as well as several others.

COL. ROBERTS TO COME TO HAWAII ON MARCH BOAT

Will Succeed Col. Walter H. Chatfield, Commanding 2nd Infantry at Fort Shafter

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Jan. 11.—Orders received today from the war department assign Col. Harris L. Roberts to command the 2nd Infantry, relieving Col. Walter H. Chatfield, who retires for age on March 11.

Col. Roberts is ordered to take the March transport from San Francisco, for Honolulu for his new command. The colonel does not come to Shafter as a stranger, for he is well known, having been in the 2nd Infantry in 1904 as a captain. He is an officer well known in the service, and has many friends in Oahu. At present he is on duty at Fort Leavenworth, Kansas.

Col. Roberts was born in Washington, D. C., in 1858, and graduated from the United States Military Academy in 1880, when he was assigned to the 4th Infantry as a second lieutenant. He transferred to the 19th Infantry in 1881 and remained with that regiment until 1890, when he was promoted to first lieutenant of the 21st Infantry, and again transferred to the 19th Infantry, where he remained until 1898 when he was made captain. While a captain he was in the 2nd Infantry from 1904 to 1905. Then he was made major of the 26th Infantry. Col. Roberts received his lieutenant colonelcy in the 22nd Infantry in 1911 and was made a colonel of infantry in 1914.

DAUGHTERS OF HAWAII GIFT TO MRS. WILSON DEEPLY APPRECIATED

WASHINGTON, D. C., Dec. 27.—The Daughters of Hawaii, an organization of native Hawaiian women of the best classes, headed by former Queen Liliuokalani, have sent to Mrs. Wilson, wife of the president, a beautiful box containing the present was sent in sufficient time to have reached here before the wedding, but was delayed in arrival and was conveyed to the White House today by J. Kubio Kalaniano'le, the Hawaiian delegate in Congress. It is a magnificent scarf made of a rare Hawaiian cloth, woven by hand by members of the Daughters of Hawaii, and handsomely embroidered. With the present, which is inside a lavishly made box of the costliest mahogany, is a personal message to Mrs. Wilson from the former queen, expressing the earnest felicitations of the native women of Hawaii for the future happiness of President and Mrs. Wilson.

Other delayed presents from different parts of the country have arrived in Washington and are being kept until their return to the city next week.

MAINLAND FEELS WINTER'S GRIP; DAMAGE SLIGHT

In Most Places Weather Bureau's Warnings Gave Time For Precautions

CALIFORNIA ORANGE MEN AVERTING FROST

Burning Smudges So Generally That Smoke Overhangs Valleys in Pails

(Associated Press by Federal Wireless)
LOS ANGELES, Cal., Jan. 12.—With a severe cold threatening the orange groves in this vicinity, the growers are resorting to smudges to avert the frost, and the smoke balls from the burning-pots are hanging over the valleys. The orange men have been forewarned and having made every preparation, expect little damage. The weather is colder than that of the disastrous freeze of 1913. Ice is forming on puddles in the streets.

KANSAS CITY, Mo., Jan. 12.—Zero weather is prevailing over Kansas, Iowa, Nebraska, Missouri and Oklahoma.

CHICAGO, Ill., Jan. 12.—Over a wide stretch of the North American continent the cold is intense. It has dropped by 30 and 60 degrees in some places. Prince Albert, Canada, reports a temperature of 58 below zero.

PORTLAND, Ore., Jan. 12.—Half a foot of snow has fallen over Portland and vicinity, impeding traffic very much. The snow is general over Oregon.

SEATTLE, Wash., Jan. 12.—A 60-mile wind is raging over Seattle and Puget Sound generally. All the seaports are storm-bound for the smaller vessels but the warnings of the weather bureau enabled the shipping to take precautions against the gale.

JESS WILLARD TO MEET MORAN FOR PUG TITLE

(Associated Press by Federal Wireless)
NEW YORK, N. Y., Jan. 12.—Jess Willard, heavyweight champion pugilist of the world, and Frank Moran, another well-known heavyweight, have been matched to fight here on March 3 for a purse of \$45,000. The limit for fights in New York is 10 rounds.

NEW AEROPLANE FOR U. S. ARMY SHOWS ACTIVITY

PENSACOLA, Fla., Jan. 12.—Fifteen new aeroplanes for the army aviation station here have been delivered within the last 60 days, and the station is preparing for much activity in developing an efficient flying corps, well equipped.

ROAD GANG WORKING TO MAKE TEMPORARY FILL NEAR KAAAWA

"Four or five days will elapse before we can have the Kaaawa section of road passable again," said George M. Collins, city engineer today. This is one of the stretches of road that was washed out by the high seas during the recent heavy storm.

Other sections—Punaluu, Kahana and Kaka'o—have been filled in temporarily, and are now passable. Much damage has been done to the road, and considerable expenditure of money will be necessary to put it back into good shape. Men are hard at work now on the Kaaawa stretch to get it ready for traffic.

MRS. SERENO BISHOP'S NINETEENTH BIRTHDAY IS PLEASANTLY SPENT

Today is the nineteenth birthday of Mrs. Sereno Bishop, pioneer missionary woman and wife of the noted pioneer missionary Sereno Bishop. She is very bright and cheerful, and at the home of her daughter, Mrs. Jonathan Shaw, with whom she is staying, today she is receiving the tributes of congratulations and pleasant visits from her many friends.

The Derby lodge of Elks has laid the cornerstone of a \$40,000—Elks home.

WANT TAFT TO TAKE SUPREME COURT POST

Ex-President W. H. Taft, on whose behalf many noted lawyers are signing a round-robin letter, urging that Taft be appointed by the president as associate justice of the supreme court, for the vacancy left by the death of Associate Justice Lamar.

JAPANESE FAVOR CARNIVAL, SAYS CONSUL ARITA

Governor Brands as "Absolutely Untrue" Editorial of His Anti-Japanese Feeling

"Most of the Japanese in Honolulu favor participation in the Mid-Pacific Carnival," said Consul H. Arita today, when asked regarding the meeting of Monday evening when the committee failed to act on the proposition of entering the Carnival events in February.

"There is some opposition on the part of a few Japanese, but we will go along with our plans, despite the opposition of the minority," he continued. "Last year there were objections to participation in the Carnival but the committee went ahead with the arrangements for a lantern parade, which proved to be a success. I am positive that there is less opposition among the Japanese this year than in 1915."

"When a meeting was called on Monday evening, nothing was done in the matter because there was not a quorum. This is the reason that no action was taken, not because of any objection to the participation in the Carnival. The Japanese will surely do their part in making the Carnival a success."

"T. Onodera was appointed chairman of the Japanese lantern parade by the Carnival committee; and he will begin his plans at once. The next meeting of the committee will be held on Monday evening, and I am sure they will plan something worth while," concluded Consul Arita.

"Absolutely untrue." This is the terse manner in which Governor Pinkham brands the editorial in the Hawaii Shindo of yesterday, claiming that the governor has not showed a friendly spirit toward the Japanese of Hawaii. The editorial in part was printed in yesterday's Star-Bulletin.

"The editorial is not worthy of consideration," said Governor Pinkham this morning when asked his opinion in regard to it, "for it is absolutely untrue." The editorial said Japanese were not supporting the Carnival on account of the attitude of the governor toward their race.

MAUI PROUD OF GUARD'S GROWTH

(Special Star-Bulletin Correspondence)
WAILUKU, Jan. 8.—One more captain is to be added to the list of Maui officers, National Guard of Hawaii. Frank F. Baldwin, manager of the Hawaii Cane and Sugar Company, has this week accepted the appointment of regimental commissary officer of the 3d Regiment. This is a position on the staff of Col. H. A. Baldwin. The other officers already under commission are A. W. Collins, adjutant, and H. B. Penhallow, quartermaster.

Great interest has centered around the operations of the National Guard, and the people of Maui are proud of what has been accomplished here in a very short period of time. The Wailuku armory has been extended 25 feet. This was done through the Wailuku Sugar Company's assistance. The addition was much needed and will provide two company rooms, lockers and shower baths. Two officers' rooms will also be available. The change is a very great improvement.

BRITISH AIR-FLEET THROWS BACK TWELVE ATTACKS UPON LONDON BY GERMAN ZEPPELINS

ARRIVING PASSENGERS TELL STORY ON REACHING NEW YORK—BERLIN DECLARES FRENCH ATTACK ON CHAMPAGNE HAS COLLAPSED AND ALLIES ADMIT SLIGHT GAINS BY TEUTONS—AUSTRIA'S DRIVE INTO MONTE-NEGRO GETS SERIOUS

[Associated Press Service by Federal Wireless]

NEW YORK, N. Y., Jan. 12.—Passengers arriving here today from Europe bring news that since October 14 there have been twelve big raids by German Zeppelin squadrons attempted upon London. They say that these raids have been repulsed through the activities of a fleet of British aeroplanes which patrol the air-lanes between London and the Channel and North Sea coast. Dr. W. H. Vincent of the colonial medical corps, who arrived here today, says that three Zeppelins which flew over English territory were destroyed or captured by the British air-patrols.

Austrian Troops May Be Able to Cut Off Allies In Balkan Arena

[Associated Press Service by Federal Wireless]

LONDON, England, Jan. 12.—That the Austrian advances into Montenegro offer serious prospects for the success of the Allies in the Balkans is the situation as it appears today based on recent news from that arena of war.

The report that the Austrians have occupied Mount Lovcen in Montenegro is believed now to be true. Uneasiness is felt among the Entente Powers over this situation, as the summit of this stronghold dominates Cattaro Bay, where the Austrian naval base is being developed. A successful blow by the Teutons into the heart of the Montenegrin country might isolate the Allied troops now defending the northeastern frontier.

Allies Admit Gains By Germans

LONDON, England, Jan. 12.—The Allies admit that last Saturday and Sunday the Germans, by hurling division after division at the Allied positions in Champagne, made slight gains. They declare that the Germans won a few trenches at a terrible loss of life and number wounded.

French Attack At Lemesnil Beaten

BERLIN, Germany, Jan. 12.—The French attack north of Lemesnil has collapsed. Along this part of the Champagne section an attack on a thousand-yard front was made but it has been repulsed by the Germans.

Lull on East Front; Russia Hopeful

LONDON, England, Jan. 12.—There is a lull today on the eastern front, where for days there has been almost continuous fighting between the Slavs and Austrians in the vicinity of Czernowitz, Bukovina. While there is apparently less active fighting, the Russians are said to be consolidating their newly-won positions so successfully that the Austrians in alarm are moving their supplies from the bases established with the idea of a spring advance deeper into Russia.

Lille Ammunition Depot Blown Up

BERLIN, Germany, Jan. 12.—The French suffered a severe loss in the blowing-up of an ammunition depot at Lille, in which 70 were killed and 40 injured. Considerable damage otherwise was done.

TUCKER MUM ON RUMOR OF FUSS WITH GOVERNOR KILLAM GOES TO KAUAL TO SIZE UP Y. CHANCES

"Nothing whatever to say on the subject," said Joshua D. Tucker, territorial commissioner of public lands, when asked this morning as to the truth of the rumor that he and the governor are not enjoying the most cordial of relations.

Commissioner Tucker returned to his desk this morning for the first time in more than a week, explaining his absence by the fact that he has had a bad cold. He looks thinner and says that he has lost 15 pounds.

"Have you seen the governor since you came down to the office today?" the commissioner was asked.

"I have not," he answered, and added that he had been up to the governor's office twice, but had not been able to get in.

Further questioning as to whether he will resign, whether he hopes to be reappointed, or whether the governor has asked for his resignation, brought forth no further statements.

"My present term expires on March 4," Tucker admitted, "I am saying nothing whatever about the governor and myself."

On the sandhills between Wailuku and Kahului the 200 and 600-yard ranges have been constructed on Hawaii Cane and Sugar Company's land. Capt. Penhallow, the quartermaster, received this week the targets for the new ranges.

The American bark Ruth Star, of Boston, was towed into port at Durban, South Africa, in a disabled condition. Both masts were carried away.
